

**Key features of IDEC terminal blocks included:**

- Molded from UL94-V0 material with excellent flame- and shock-resistance
- Mount on a standard 35mm DIN rail
- Marking strips and dust covers are available
- Control circuit, power circuits, and fuse block, are available
- Sectional or one-piece construction

<b>Specifications</b>	<b>Insulation Voltage</b>	600V
	<b>Dielectric Strength</b>	2,500V AC, 1 minute
	<b>Insulation Resistance</b>	100MΩ minimum
	<b>Operating Temperature</b>	-25 to +55°C
	<b>Operating Humidity</b>	45 to 85% RH

**Selection Guides**

Description	Appearance	Page	Current
<b>Modular DIN Rail Terminal Blocks</b>		P-3	10A to 150A
<b>Modular DIN Rail Fuse Holders</b>		P-5	10A maximum
<b>One-Piece DIN Rail Terminal Blocks</b>		P-9	15A to 40A
<b>One-Piece Power Blocks (DIN rail and surface mount)</b>		P-7	200A to 350A
<b>One-Piece DIN Rail Fuse Holders</b>		P-10	10A maximum
<b>DIN Rail Break-Out Modules</b>		P-19	1A maximum
